

SchoolMessenger Update Receive Important Text Messages

Dillon School District Four announces a new service from SchoolMessenger. We will be able to deliver important information to parents only via text messaging. We will not be contacting your child with this service. You will need to Opt-In to use this service.

What does Opt-In Mean?

1. It does not mean that you will immediately start receiving text messages.
2. It means that you have indicated your willingness to receive important messages from the service should your child's school or the District tries to send a text message to your number from their SchoolMessenger account.

What Do I Need To Do?

1. Make sure that your child's school has your correct cell number. If you have not already provided that information to your child's school, please contact them.
2. Perform the Opt-In Process.

Text any one of the following words (subscribe, optin, opt in, yes or y) to the number 67587 or 68453.

You will know you were successful if you receive the following reply message:

You're now registered with the SchoolMessenger notification service. Reply STOP to cancel, HELP for help. Msg&data rates may apply.3msgs/mo. schoolmessenger.com/tm

You can unsubscribe at any time. You can opt-in and opt-out as many times as you would like.

Text any one of the following words (stop, quit, remove or unsubscribe) to the number 67587 or 68453.

The District will be officially launching the new service in a month, so until then, you will not receive any further text messages.

*Although, the District does not charge you for this service, it does not pay for text message charges that may be incurred by you for sending or receiving text messages. Check with your wireless carrier for possible charges. If you have any questions, please feel free to contact your child's school.
